

TNCC 2020

Trauma Nursing Core Course

March 14 & 15, 2020

September 19 & 20, 2020

*The **Emergency Nurses Association** is
accredited as a provider of continuing
nursing education by the American
Nurses Credentialing Center's
Commission on Accreditation*

Presented by
Emergency Nurses Association

COURSE DESCRIPTION

The Emergency Nurses Association (ENA) Trauma Nursing Core Course (TNCC) is a 2 day course designed to provide core-level trauma knowledge and psychomotor skills associated with the delivery of professional nursing care to the trauma patient. The information is presented through interactive teaching strategies and psychomotor skill stations. The TNCC has been designed by nurses for any nurse who provides care to trauma patients. It is intended to enhance cognitive skills, to sharpen technical skills, and to provide a foundation for future learning. The ultimate purpose is to improve the level of care provided in emergency care settings, large and small, rural and urban. ENA has recommended TNCC as the minimal required education for emergency nurses who care for trauma patients.

DAY ONE:

Classroom interactive activities will include: Initial Assessment, Airway & Ventilation, Shock, Head Trauma, Abdominal & Pelvic Trauma, Thoracic and Neck Trauma, Spinal Cord & Vertebral Column Trauma, and Traumaready jeopardy game. Skill Stations will include: Head Injury, Pediatric, Blast Injury, Pregnancy, Spinal Injury, & Thoracic Injury.

DAY TWO:

Classroom interactive activities will include: Musculoskeletal Trauma, Surface & Burn Trauma, Disaster Management, Transition of Care & Post-Resuscitation Care, and Psychosocial Aspects of Trauma Care. Afternoon session will consist of psychomotor skills testing of the Trauma Nursing Process.

COURSE COMPLETION

To successfully complete the course, the participant must attend all sessions, must score 80% or better on the multiple choice written exam, and pass the Trauma Nursing Process evaluation skill station. It is suggested that all participants read the complete TNCC Provider Course manual, 8th edition, that will be sent to participants prior to the course. There are lectures that are presented in a webinar format, which the learner is expected to watch and complete before coming to the live class. Participants will be awarded CEs for these lectures after watching and completing them online, and they will also receive separate CEs for their attendance in the live course. A card verifying the successful completion of the TNCC Provider Course will be issued to the RN along with a certificate for 18.33 contact hours. Verification remains current for four years.

COURSE SCHEDULE

Lectures will start each day promptly at 8:00 am. Each day will end at approximately 5:00 p.m. Lunch is on your own.

FEE:

ENA Members: \$350.00

Non-ENA Members: \$375.00

REFUND POLICY

Cancellations received at least four weeks (28 days) prior to the date of the course will receive a refund of monies paid minus the fee of the course manual. No refunds or transferring to another course for canceling within four weeks (28 days) of the course date.
